6. Warning to All Emergency Workers

Be aware of another developing gang threat that targets Fire, Rescue, EMS, and Law Enforcement, especially law enforcement for initiation. Rumor is that it started in Texas, but reports have come out of western North Carolina it may be going on. Watch out for each other. Notify law enforcement if you suspect unusual activity,

7. Training Rosters

Geoff Kieser & Jon Robarge are working on obtaining an updated training roster. Hope to have those by next meeting.

Thank you both for working on this project

8. January 2016 Academy

The first draft was submitted to Ernest Ward for approval by AC Kevin Murphy

9. Please inform your departments where the class schedules can also be found, ie Facebook, FTCC website. We want all FFDs to get the most accurate and available information.

IV. Consideration of New Business

1. Goals

Discussion about the direction of the group.

I had requested that we need ideas & support in this ongoing endeavor. As far as classes Ernest will support if we justify it and will assist with instructors if we need. We have a responsibility to provide good instruction so if there is a problem it needs to be addressed.

First Objective is to have a night academy as a good majority of people either attend school or work. We are working on the Night Academy. Also a desire to provide additional classes that firefighters might enjoy or are difficult to find.

Second Objective is to have an excellent Fire Program.

Thank you for your attendance.
